Wetlands are found to the left of the hole. The lake is a favorite for ducks, many are very tame.

For Disney's Lake Buena Vista Golf Course signature hole, hit the center of the green and you will always have a reasonable chance at birdie.

Par 3

Natural wetlands frame this hole's left side. A small butterfly garden is planted by the Restroom facility.

Proper club selection is key to mastering this challenging par 3. Use plenty of club to get over the bunker on the left to put yourself in position.

Computerized irrigation, complete with its own weather station, aids in conserving water. Reclaimed water is utilized for all irrigation.

This is the hardest par 3 on the course. Take enough club to hit the center of the green.
